

August 12, 2016,

Dear Parents or Guardian:

This letter is to inform you that beginning September 2016, all families will adhere to the procedure outlined below for bussing. The reason for this procedure is to ensure the safety of all of our students. In addition, it will allow for clear communication between the parents, school and bus garage.

If your child needs to ride to an alternate location during the school week he or she **must have a written note.** The note needs to be sent in to the school and a pass will be issued through the school. This will eliminate the confusion that multiple drop off locations causes. The driver will also need to see a responsible person before your child is released off the bus (elementary only). Students will **not** be released from the bus unless an adult is present. There will be **no exceptions.** In the unlikely event that an adult is not present, the student will be returned to the school and someone will have to pick them up there. **All arrangements must be in writing to the school. Arrangements should not be made between the bus driver and the student and/or parent.**

Your child must be outside **5 minutes prior** to the scheduled pick up time. The driver will **not** be able to wait if students are not ready and the driver will **not** be able to turn the bus around. This will guarantee that everyone will arrive to school at the scheduled time.

Lastly, please note that there have been routing changes, be sure to locate the roads that pertain to your children.

Thank you for your support with this. Please let me know if you have any questions. We look forward to another successful school year.

Sincerely:

Maria Redford
Location Manager
